# ***join with the Technology Professionals of New Brunswick***

Journeymen, Electricians, Millwrights, Toolmakers, Stationary Engineers, and others with a Certificate of Qualifications (CQ), Red/Gold seal, or diploma of Apprenticeship may be eligible for membership in the New Brunswick Society of Certified Engineering Technicians and Technologists (NBSCETT). Your certification could qualify you to reap the valuable benefits of membership as an Associate while you work towards PTech or CTech certification - the key to full membership - the next step in your career.

- \* NBSCETT customizes a plan to guide you to certification.*
- \* Previous training and experience may be credited towards your certification.*
- \* The designations PTech and CTech are titles protected by statute, respected and valued by industry, government and within the engineering technology team.*
- \* Designations are transferable across the country and to other countries.*
- \* Member benefits and services available to all members include employment search services, group insurance for home/apartment, auto, life, disability, small office, auto rentals, consumer discounts and more!*

***discover the next step in your professional career = [www.nbscett.nb.ca](http://www.nbscett.nb.ca)***

## ***Joignez les professionnel(le)s de la technologie du Nouveau-Brunswick***

Compagnons(gnes) en Électricité, Mécanique Industrielle, Outilleur-Ajusteur, Mécanicien de machineries fixes et autres qui sont détenteurs(trice) de Certificat d'Aptitude, d'un associé(e) de la SttagN-B Société des techniciens(nes) et des technologues agréés du génie du Nouveau-Brunswick (SttagN-B). Votre certification pourrait vous qualifier à recevoir les bénéfices offerts aux membres associé(e)s tout en travaillant vers l'obtention de la certification PTech ou CTech.

- \* L'expérience et formation antérieure peuvent être créditées envers une certification.*
- \* Les désignations PTech et CTech sont des titres protégés par statut, qui sont respectées et estimées d l'industrie et des gouvernements et font parties d l'équipe de technologie en ingénierie.*
- \* SttagN-B développera un plan qui vous guidera vers votre certification.*
- \* Les désignations sont transférables à d'autres provinces et pays.*
- \* Les bénéfices et services qui sont disponibles aux membres associé(e)s incluent les services d'aide à la recherche d'emploi, assurances groupe pour maison, auto, vie, invalidité, et rabais sur location d'auto et sur autres produits de consommation.*

AGM#08-01 President Scammell called the meeting to order at 10:00 AM, and thanked everyone for their participation.

AGM#08-02 There was a moment of silence to honour deceased Society members of the past year.

AGM#08-03 Acceptance of the minutes of the April 28th, 2007 (39th) Annual General Meeting was M/S (K. Brown / S. Barton). Carried

President's Report:

AGM#08-04 President Scammell is honoured to be President during this 40th year and is proud of what the Society has accomplished over this time period.

AGM#08-05 Acceptance of the President's Report was M/S (R. Poitras / D. Sheaves). Carried

Executive Director's Report:

AGM#08-06 E.D. Leslie spoke about the "Limited License" issue with APEGNB and what is happening at this time concerning this issue. He also talked about the EMF (Explore My Future) provincial initiative which is now managed by the Society.

AGM#08-07 Acceptance of the Executive Director's Report was M/S (A. Euteneier / D. Daigle). Carried

Registrar's Report:

AGM#08-08 K. Brown spoke about the Society's growth using the Histogram included in his report.

AGM#08-09 K. Brown spoke about the Society's mandatory Professional Development Assurance (PDA) program. All Certified Members must complete the form every year. It is a program that is beneficial both to the member and the employer.

AGM#08-10 Acceptance of the Registrar's Report was M/S (F. Herkert / J. Godfrey). Carried

## Introduction of Special Guests:

AGM#08-11 President Scammell introduced Special Guests: Steven Gould, CET (current CCTT President); Fred J. Herkert, CET (a Past President of the CCTT and NBSCETT); Bob Clarke, CET (a Past President of the CCTT and NBSCETT); H. Orville Scott, CET (a Past President of NBSCETT and former NBSCETT Registrar); and Tim MacDonald, PTech (Member of the Year 2006).

### AGM#08-12 CCTT President – Steven Gould, CET (Speech)

First, I would like to thank you for inviting me here today on your 40th year anniversary. NBSCETT is the leader in Canada. Your PDA program is the envy of the other CM's. I would like to thank the members responsible for making this program a success. It is a very important and valid program to all certified members. The professional development is free. It is a partnership between you and your employer. I would like to take the time to thank all the members who are volunteering at NBSCETT and its activities. Volunteerism is something you do for others but also for your personal development.

I would like to explain to you that CCTT is ten members, ten groups, ten provinces who work together to better serve the technicians and technologists of Canada (currently we are having a bit of a disagreement with Saskatchewan). CCTT's activities include (1) advocacy and stakeholder relations; (2) member services like the provision of national accreditation and other core services and (3) the security of our profession. These three areas are fundamental to our mission.

As you're aware, Canada is facing a technical skills shortage. This shortage is big; it has serious implications for our productivity and competitiveness. Today, talented, motivated and skilled people are the world's most valuable resource. However, the growth of Canada's labour force is slowing dramatically. Baby boomers are preparing to retire in record numbers in the coming decade.

CCTT has embarked on a consultation process aimed at developing a national strategy to combat the emerging skills crisis. The ACTR (Atlantic Canada Technology Roundable) which you will be hearing about a little later today took place last October 2007. It has inspired the provincial premiers. Because of that initiative, it is now a key issue. They are bringing it to the table, and making it an issue and giving us credit because we have started it.

We are also involved with a group called the Alliance of Engineers & Associations, it's a worldwide alliance. They have six agreements. Three of them are solely related to Engineers and three to Technologists. These are the Sydney Accord, the Dublin Accord and the Engineering Technology Mobility Forum. These agreements recognize registered/certified technicians and technologists and ways to facilitate mobility between countries.

If you have any questions or concerns, I would be more than happy to assist you. CCTT also has a website [www.cctt.ca](http://www.cctt.ca) where you can find a lot of information.

I want to wish your board much success in the year ahead, as well as to thank your past Board executive and you as individual members for your continued participation and enthusiasm.

I would like to thank two of our former Past Presidents who are here today, Bob Clarke and Fred Herkert. They have helped guide us nationally to where we are today. NBSCETT should be very proud of them.

Thank you and best of success in the coming year.

## Board Reports:

### Certification Board Report:

AGM#08-13 The newest Certification Board member Mélanie LeBlanc, AScT was introduced. The Certification Board is always in search of new members. If anyone is interested in participating in the Certification Board, please contact the Society office.

AGM#08-14 Acceptance of the Certification Board Report was M/S (J-G Babineau/ A. Euteneier).  
Carried

## Accreditation Board Report:

AGM#08-15 E.D. Leslie introduced Jason Godfrey (previous Moncton Councillor) the new CTAB Representative who will replace Fred Lawton.

AGM#08-16 At least fifteen to twenty volunteers for the province are needed on a yearly basis. If anyone is interested, please contact the Society and training will be organized. We all have to be active in promotion to try to bring the young people into the technology professions.

AGM#08-17 Acceptance of the Accreditation Board Report was M/S (M. Morin/ K. Geldart).  
Carried

## Committee Reports:

### Finance Committee Report:

AGM#08-18 E.D. Leslie says that financially, NBSCETT is doing better than last year. By being as efficient as much as possible, NBSCETT is now in the black.

AGM#08-19 Acceptance of the Auditor's Report was (K. Brown / Clive Douthwright).  
Carried

AGM#08-20 The appointment of Auditors EPR Daye Kelly & Associates for the 2008 fiscal year was M/S (R. Clarke / D. Daigle).  
Carried

AGM#08-21 E.D. Leslie spoke about the Technology Foundation. Its purpose is to promote certified status in New Brunswick by NBSCETT. E.D. Leslie encourages more people to participate in supporting the Technology Foundation. One way NBSCETT may be able to support the Technology Foundation in the future is by making changes to the Easy \$ Back campaign. Information will be provided to all members before any changes are made.

AGM#08-22 Acceptance of the Technology Foundation Audit 2007 statement was M/S (D. Sheaves / Eldon Rogers).  
Carried

### Nominating Committee Report:

AGM#08-23 E.D. Leslie has informed everyone of the resignation of Randy Guimond, CET, the Northeast District Councillor who will be replaced shortly by certified member Eric Caron, PTech.

AGM#08-24 Acceptance of the amendment to the Nomination Committee Report was M/S (T. MacDonald / M. LeBlanc).  
Carried

### Discipline Committee Report:

AGM#08-25 H. Orville Scott says that it is to the credit of the individual NBSCETT members that this committee exists, but never has any work to do.

AGM#08-26 Acceptance of the Discipline Committee Report was M/S (H.O. Scott / D. Mitchell).  
Carried

### Human Resources Committee Report:

AGM#08-27 R. Clarke said that the HR Committee has met during the year to complete the annual review of the Executive Director and the functions of the Society. He thanked NBSCETT staff and volunteers for their hard work.

AGM#08-28 Acceptance of the Human Resources Committee Report was M/S (R. Clarke / S. Barton).  
Carried

### Canadian Council of Technicians and Technologists Director's Report:

AGM#08-29 R. Poitras explained that the Board of Directors met three times in the past year. This is his fourth year as the CCTT Director for NBSCETT. The next meeting will be held in Vancouver. R. Poitras reviewed some of the past year's national highlights since the NBSCETT 2007 AGM, including the enclosed "Strategic Plan for CCTT 2007-2010". R. Poitras thanked everyone for their continuing work for the benefit of the profession.

AGM#08-30 Acceptance of the CCTT Director's Report was M/S (R. Poitras / K. Crowe).  
Carried

New Business:

Signing Officer's Resolution:

AGM#08-31 Acceptance of the signing officer's resolution was M/S (K. Jensen /G. Patton).

Carried

AGM#08-32 Everyone in attendance took turns to introduce themselves.

AGM#08-33 E.D. Leslie thanked the NBSCETT's affinity partners for their sponsorship in this year's AGM.

AGM#08-34 E.D. Leslie would appreciate if everyone would participate in the LMS (Labour Market Study) web based survey. It is to be completed by all technicians and technologists. For more information regarding this survey, please contact the Society.

AGM#08-35 Acceptance of adjournment at 11:26 AM was moved by Tim MacDonald, PTech.

**ATLANTIC CAD  
SOLUTIONS**

## MAKING CAD WORK FOR YOU

Atlantic CAD Solutions Inc. is a technology company, dedicated to serving the architectural, electrical, civil and mechanical CAD industry throughout the Atlantic Provinces.

Let our highly trained staff help you implement solutions to cut costs and reduce repetitive tasks—increasing productivity and user satisfaction. Using our in-depth knowledge of your software, we'll help you minimize your risk and quickly design and deploy solutions that deliver measurable results. With 20 years of experience in the industry, you can take comfort in knowing the job will be done right.

## CONGRATULATIONS

Colpitts Developments  
on taking home the top award.

By choosing to build 35 homes with natural gas central heat and hot water, you not only won 'Natural Gas Builder of the Year', you also helped your community. By making the choice to go with natural gas central heat and hot water over electric, you're saving your customers money, and you've spared the environment as much as 470 tonnes of greenhouse gas emissions per year. Thank you for going green with blue.

**Colpitts Developments**  
**Winner - Natural Gas Builder of the Year**  
**Canadian Home Builders' Association NB**

*To find out how you can make a  
difference in your community,  
call 1-866-343-8427 or visit  
[naturalgasnb.com](http://naturalgasnb.com)*

## FÉLICITATIONS

à Colpitts Developments,  
gagnant du premier prix.

Avoir choisi de construire 35 résidences avec les systèmes de chauffage central et d'eau chaude fonctionnant au gaz naturel vous a permis non seulement de remporter le prix de « constructeur au gaz naturel de l'année », mais d'aider votre collectivité. En optant pour les systèmes de chauffage central et d'eau chaude fonctionnant au gaz naturel plutôt qu'à l'électricité, vous permettez à vos clients de réaliser des économies en plus d'éviter qu'environ 470 tonnes d'émissions de gaz à effet de serre ne se retrouvent dans l'environnement par année. Merci d'être passé au vert en optant pour le bleu.

## NBSCETT / SttagN-B Technology Foundation

The Society's Technology Foundation was established almost 10 years ago to support students of the nationally accredited NBCC-CCNB engineering technology programs which lead to the graduates internationally recognized certification (CTech or PTech).

The Society's Technology Foundation awards at least one \$250.00 scholarship per NBCC-CCNB campus with nationally accredited programs. The Society also awards an annual \$500.00 Richard P. Jackson, CET, Memorial Scholarship to a second year student of the NBCC-Saint John Mechanical Engineering Technology program.

The Society's Technology Foundation is a registered charitable organization, managed and operated by the Society, and all donors receive a RevenueCanada tax credit receipt. To participate in support of the Society's Technology Foundation, members may donate along with their annual membership renewal. Donations may also be presented to the Society by using the form herein, or through the Society website. [www.nbscett.nb.ca](http://www.nbscett.nb.ca)

All donations to the Technology Foundation –  
Charité Technologie are tax deductible.

### NBSCETT / SttagN-B By-Law 17 TECHNOLOGY FOUNDATION - CHARITÉ TECHNOLOGIE

The Technology Foundation - Charité Technologie ("the Foundation") is established by the Society to promote the training and education of members and prospective members by providing scholarships, bursaries, grants, or financial assistance to persons attending or proposing to attend any school, college, or university, and undertaking or proposing to undertake any Engineering / applied science technology diploma study in New Brunswick or elsewhere, in programs acceptable to the Foundation. The Foundation may solicit, receive and accept all manner of contributions, gifts, bequests and legacies from any person, firm or corporation.

I, \_\_\_\_\_,  
( print name )

hereby direct that my donation of \$ \_\_\_\_\_  
be held by the Technology Foundation/ Charité technologie Inc. [Registered Charity #866482334RR0001] for a period of not less than ten (10) years in compliance with subsection 149.1 (1) (e) (B) of the Income Tax Act.

The annual NBSCETT/SttagN-B **TD Meloche Monnex \$1000. scholarship for school year '07-'08 was presented to Brittany Babin**, a first year student of NBCC-Moncton - Civil Engineering Technology, by Society Executive Director E. Leslie. Her father is Maurice Babin, CET.

The TD Meloche Monnex bursary is awarded each year through the Society's Technology Foundation, to any immediate family member undertaking post secondary program leading to Society certification; or for any certified member undertaking full time certification enhancement academics.

**Eric Arsenault**, *(left in photo)*

NBCC-Saint John graduate Mechanical Engineering Technology, Buildings Energy & Environment Option, was awarded the 2007 **Annual Richard P. Jackson, CET \$500. Scholarship.**

Society Executive Director Ed Leslie presented the Scholarship, wall certificate and the free three year Technology Graduate In Training membership, on behalf of the Jackson Family and the Society's Technology Foundation.

## ENTREPRENDRE TON AVENIR EXPLORE MY FUTURE

### Do you love your career?

#### Would you consider telling others about it?

Explore My Future is looking for new members for its career awareness speakers bureau.

In 2002, *Explore my Future* career awareness expos were created so that students and career information seekers could discover:

- Careers that interest them,
- The educational path to reach that career and,
- The practical steps they can take now to prepare for future studies and employment.

Now, guidance counselors and other career professionals are telling us that they would like to have access to people in various career fields who are willing to discuss their career with students and other job seekers.

Join us!

Explore My Future welcomes individuals, from a variety of career fields, to share insights about their personal career development. Speakers will have an opportunity to discuss their career, how and why they chose it and what they did to prepare.

Members of our Speakers Bureau are not obligated to accept any speaking request, and are able to discuss the details with the counselor making the request before accepting. There is no charge to participate in the Speakers Bureau. Speakers should be aware that presentations to non-profit organizations or school related presentations are normally done without financial compensation.

If you would be interested in becoming part of this Provincial Speaker's Bureau, please send a note to the person or association that shared this with you. They will contact Explore My Future to see about the possibility of you becoming a speaker. The on-line registration process is easy and should take only a few minutes on your computer.

### Aimez-vous votre profession?

#### Voudriez-vous en parler à d'autres?

*Entreprends ton avenir* recherche de nouveaux membres pour son répertoire de conférenciers sur la sensibilisation aux carrières.

Les expo-carrières *Entreprends ton avenir* ont été créées en 2002 pour permettre aux étudiants et aux chercheurs d'information sur les carrières de déterminer :

- quelles carrières les intéressent,
- la formation nécessaire, et
- les étapes pratiques à suivre maintenant pour se préparer à faire des études complémentaires et à exercer la profession voulue.

Les conseillers en orientation et autres professionnels de la carrière nous font savoir qu'ils aimeraient avoir accès à des personnes exerçant diverses professions et qui seraient disposées à discuter de la leur avec les étudiants et autres chercheurs d'emploi.

Joignez-vous à nous!

*Entreprends ton avenir* accueille avec grand plaisir la participation de personnes exerçant diverses professions et qui désirent partager leurs idées relativement à leur propre développement professionnel. Les conférenciers discuteront de leur carrière, de la façon dont ils l'ont choisie et de ce qu'ils ont fait pour s'y préparer. Chacun a une histoire à raconter et les Néo-Brunswickois désirent les entendre.

Si vous êtes intéressé, veuillez envoyer une note à la personne ou à l'organisation qui vous a fait prendre connaissance de la présente. Elles communiqueront avec *Entreprends ton avenir* afin d'évaluer la possibilité de vous compter parmi ses orateurs. Le processus d'inscription est simple et ne devrait prendre que quelques minutes sur votre ordinateur. Rien ne vous oblige à accepter une quelconque demande de conférence et vous serez en mesure de discuter des détails d'une allocution avec le conseiller qui a présenté la demande avant de l'accepter. La participation au bureau des orateurs est gratuite; ces derniers doivent toutefois être informés que les allocutions faites à l'intention des organisations sans but lucratif ou des écoles le sont généralement à titre gracieux.

The **Certified member's identification Stamp** (english or french) order form is downloadable at

**www.nbscett.nb.ca** as well as the **national Technology Ring** order form.

## **NBSCETT - SttagN-B:**

**Vision:** to foster an enthusiasm in New Brunswick (Canada) for applied science and engineering technology.

**Mission & Objectives:** of NBSCETT is to govern and regulate technology services in New Brunswick. Promoting the advancement of accredited training and certified professionals, and promoting applied science and engineering technology in New Brunswick.

**Beliefs:** **NBSCETT believes;** the public interest is paramount; in continuous improvement; in fiscal responsibility; in providing quality customer service; in providing leadership in the community; in the creative use of resources.

---

### **Planning to, or interested in, working in , the United Kingdom ?**

For more information regarding certification recognition in the UK, certified members should contact the Engineering Council (UK) Registrar, Chris Simpson,  
10 Maltravers Street, London, England  
WC2R 3ER

Tele: 020 7240 7891  
Direct: 020 7557 6468  
Fax: 020 7379 5586

csimpson@engc.org.uk  
www.engc.org.uk

**NBSCETT's annual membership renewal fees are due on January 1st of each new year, and valid through to December 31st of each year.**

The late payment date is January 31st; and the late payment charge is \$50.00. The Registry removal date is March 31st; and employers will be notified of 'struck off' members.

**Certified/Associate members who are unemployed, are full time students, or, are permanently retired from the workforce, may apply for 80% reduction in dues, upon receipt of resumé / affidavits.**

Please, help your professional Society better use the resources for education, the profession, and the promotion and protection of titles. All members are urged to notify the Society office at their earliest convenience, should they have any question / concern; and to inform the Society administration of any changes to their employment or contact information.

## **Atlantech**

c/o NBSCETT / SttagN-B,  
2-385 Wilsey Road, Fredericton NB, E3B 5N6  
Tel: (506) 454-6124 Fax: (506) 452-7076  
E-mail: ed.leslie@nbscett.nb.ca

Editorial opinions, submitted articles and reports published within the Atlantech do not necessarily reflect the opinion/policy of the Councils/Societies; and the Societies do not accept any responsibility.

All submissions are welcome, in either official language, and shall be presented in the language received.

Employers are offered free 'business card' size advertising space when seeking members of the Societies for employment; **general advertising rates are available and, previous issues are available for perusal/download at [www.nbscett.nb.ca](http://www.nbscett.nb.ca).**

The Atlantech has circulation to over 4,000 decision makers throughout Atlantic Canada, and across the country. Address all correspondence to Executive Director, E. F. Leslie, CAE, P.Tech.

Whether it is the Society's certified member's identification stamp, the wall certificate, or the Technology ring worn by Professional Technologists and Certified Technicians (*on the small finger of the working hand*) these indicators announce the certified member status, and recognition within the multi-disciplinary team. **Society members, as well as the public, help protect these legislated titles by reporting any misuse.**

The New Brunswick Engineering Technology Act (July 1986) states it is an offence for anyone who is not a full member of the Society to use the titles in any form: Certified Engineering Technician/Technologist, Certified Technician, Applied Science Technologist, Professional Technologist, or the like of: CET, CTech, ASCT or PTech. Someone may mistakenly use a protected title, or possibly a non-member continues to display a Society wall certificate, or wear a Technology ring after being struck from the registry, giving the impression they're certified. When no longer a member, certificates and all other identifying items must be returned. For reporting details call Society office.

## EXPLORE MY FUTURE ENTREPRENDIS TON AVENIR

### EXPLORE MY FUTURE CAREER AWARENESS EXPOS ARE CONTINUING TO GROW!

NBSCETT and its members assist in promoting careers in trades and technology fields.

Students and career information seekers can discover a world of opportunities; including:

- Careers that interest them
- The educational path to reach that career
- The practical steps they can take now to prepare for future studies and employment.

**SHARE YOUR EXPERTISE WITH NB STUDENTS SO THEY CAN MAKE A WISE CAREER CHOICE**

**LES SALONS SUR LES CARRIÈRES ENTREPRENDIS TON AVENIR CONTINUENT À GRANDIR!** Stagg-NB et ses membres nous aident à promouvoir les carrières dans les domaines des métiers et les carrières en technologie. Les expo carrières *Entreprendis ton avenir* permettent aux étudiants et aux chercheurs d'information sur les carrières de déterminer :

- quelles carrières les intéressent
- la formation nécessaire
- les étapes pratiques à suivre maintenant pour se préparer à faire des études complémentaires et à exercer la profession voulue.

**PARTAGEZ VOS CARRIÈRES ET VOTRE EXPERTISE AVEC LES ÉTUDIANTS DU NOUVEAU-BRUNSWICK**

# ***Your advertising message here.....***

Dear Advertising / Marketing Manager;

An excellent opportunity for your organization, especially in the current economic climate ***when you want your message to go as efficiently and effectively directly to your audience market***, is the member direct AtlanTECH news. You are encouraged to give careful attention to this excellent advertising opportunity for your organization, considering the display advertising in the 4,000 plus circulation, is read by the decision makers of the applied science and engineering technology team communities throughout Atlantic Canada. The AtlanTECH news is the member publication for the NBSCETT, the Association of Certified Engineering Technicians and Technologists of Prince Edward Island (ACETTPEI), and TechNova (Society of Certified Engineering Technicians and Technologists of Nova Scotia -SCETTNS). Besides being distributed to the certified technology professional members, this publication is also read by related associations' members and business leaders across the Maritimes and Canada, as well as in community colleges and libraries.

The AtlanTECH news features articles on the milestones of the maritime associations, member profiles, reports of the Canadian Council of Technicians and Technologists (CCTT) and Canadian Technology Accreditation Board (CTAB) activities, as well as a review of the various Society's meeting, By-Law amendments, photos and consumer benefit information.

Display advertising rates for the quarterly AtlanTECH:

business card size - \$150.00	1/4 page - \$225.00	1/3 page - \$275.00
1/2 page \$325.00	full page \$705.00	
( advertising is not printed on the front cover )		
inside back cover \$750.00	inside front cover \$850.00	outside back cover \$965.00

Page size is 19 cm X 25.5 cm.

All prices are net; and NBSCETT does not charge PST or GST.

AtlanTECH advertising electronic submission deadlines: September 05, November 05, February 05, May 20.

Should you have any questions or wish to discuss your particular advertising needs (colour; irregular size; etc.), and insertion in the quarterly AtlanTECH newsletter, do not hesitate to call at your earliest convenience.
