JOB POSTING

Position: Quality Control Supervisor
Company: Cumberland Paving and Contracting
Location: Dartmouth, NS
Reporting to: Quality Control Manager
Start Date: To be determined

As a Quality Control Supervisor, You Will:

- Provide direct oversight on the day-to-day operation of the Laboratory and associate field staff. Ensure processes are in place to provide a quality product to our customers
- Make recommendations to best practices in processing to ensure product remains within specifications as it is received by our customers
- Develop in-house expertise and produce results through the efforts and cooperation of people
- Train lab staff on designing mixes
- Continuously develop training programs based on individual and compliance requirements
- Ensure implementation of industry best practices designed to provide the best quality product to our customers. Collaborate with the Plant(s) and Corporate Technical Services Group to aid in this deliverable
- Initiate asphalt plant adjustments to ensure product quality
- Ensure unbiased testing of material and ensure processes are in place to provide a quality product to our customers
- Evaluate asphalt mix design for our jobs and customers to ensure product meets specifications
- Analyze and compare test results with specifications, tolerances, and targets
- Ensure timely accurate communication of all information and completion of all required documentation
- Maintain ISO 17025:2005 accreditation for the Markham (Representative and auditor on internal ISO Committee)
- Understand the products and customer needs. Tasks include; resolving technical issues and support customer's problems at the plants and on job sites, answer various customer questions (products, sources, product use and application), letter proposal writing for dispute/issue resolution
- Aid Project Managers and complete job specific quality duties such as: ERS, Profilograph exemptions and review, contract review and document submission, non-conformance writing

What You'll Bring:

- College Diploma or University degree in Civil Engineering, Construction Management, or related field preferred
- 5+ years of experience in Heavy Civil Construction including coordination on the field, reporting, building and managing relationships with multiple stakeholders and meeting deadlines
- 2+ years focused on quality management, interpreting, and adhering to contractual requirements is essential
- Ability to read and understand contract specifications and standards

505 Miller Avenue, Markham, Ontario
P.O. Box 4080, Markham, ON L3R 9R8

Please Note: The Miller Group has an accommodation process in place and provides accommodation for candidates with disabilities. If you require a specific accommodation because of a disability or a medical need, please advise us when you submit your application. Alternatively you may advise us by calling 905-475-6660. If you receive a voicemail prompt when you call, please be sure to provide us clear contact information so that we may return your call. You may also email a 'request for accommodation' to hr@millergroup.ca. Please be sure to list "Accommodation Needed" in the subject line so we can properly handle your request.
