

### Drafting / Certified Engineering Technologist

**Meltech Thermal Imaging Inc.** is a privately owned company operating throughout Atlantic Canada since 2006. We are an industry leader in Infra-Red Thermal Imaging inspections and also provide specialized consulting, CAD drafting, space designing and project management services for various entities throughout Canada. Our clientele takes us throughout eastern Canada and occasionally other provinces. We are searching for someone who is honest, reliable and passionate about what they do. They will have a desire to learn, assist others and can deliver in a timely manner. The ideal candidate will have a diploma in Civil Engineering Technology with a minimum of 2 years of experience. They must have, or willing to become, a certified Civil Engineering Technologist (PTech / CET) and be a member in good standing with NBSCETT.

#### **Responsibilities:**

- Develop conceptual and working drawings using AutoCAD
- Organize and conduct virtual or on-site meetings to discuss the needs of the client
- Prepare written scope of works
- Additional responsibilities to be discussed

#### **Qualifications:**

- 2-year Civil Engineering Technology diploma
- Knowledge and understanding of the National Building Code
- Experience with AutoCAD & Microsoft Programs
- Ability and willingness to travel when necessary
- Problem solving and time management skills
- Have exceptional people skills and an excellent rapport with all individuals

If you are an honest, reliable and organized individual and are looking for a challenging and rewarding career, we are searching for you. We offer a competitive salary based on experience and paid travel. This can be a part time or a full-time position. You will be reporting directly to the President. Qualified and interested candidates, please send your resume, with cover letter and references, in confidence to [Meltehti@gmail.com](mailto:Meltehti@gmail.com) before February 28<sup>th</sup>, 2026.
